

# PECB Certified ISO/IEC 27005 Foundation

Become acquainted with the best practices of Information Security Risk Management based on ISO/IEC 27005

### Why should you attend?

ISO/IEC 27005 Foundation training enables you to learn the basic elements to manage Information Security Risks as specified in ISO/IEC 27005. During this training course, you will be able to understand the concepts and models of Information Security Risk Management.

After completing this course, you can sit for the exam and apply for the “PECB Certified ISO/IEC 27005 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, processes and management approach.
