Quick turnaround times

Get your results within 48 hours. Premium criminal record check results are available within 4 hours (subject to an additional fee).

Easy access cloud storage

Capture and store important documents such as digital copies of IDs, driver's licenses, qualifications, contracts, and more. All stored documents are encrypted and protected.

Customisable security

Each document has a customisable security level. This makes it easy to enforce access policies and enhance the security of your information.

Efficient employee tracking

Manage employees as they move between departments or regional offices. Employee information is stored in the cloud and can be reused for HR or security purposes.
